QUITE A LONG SESSION

Of the Council Committee on Fire Department Held.

A NEW APPOINTEE IS CONFIRMED

Instead of Joe Dann, at the Chemical Engine House-Bad Financial Condition of the Department-A New Man at the Hook and Ladder-The Health Committee Also Wrestles with Various Interesting Matters.

Six of the eight members of the committee on fire department were present last evening. Clerk Watkins road a communication from Rev. R. H. Bum-mery, of the Eoff street M. E. church, announcing that preparations were be ing made for a tri-state celebration of Emancipation Day, on September 20, and inviting the fire department to turn out in the parade on that day, Mr. Bummery was prosent, and said the calebration promised to be the greatest ever seen in the country. Committees were at work in Pennsylvania and Ohio, as well as West Virginia. Some of the foromost negro orators of the day would be present, and lodges and organizations from all three states would be present in large numbers. On motion of Mr. Hahne the committee recommended that council authorize the department

to turn out on that day.

When the bills were taken up it was found that a large percentage of them were from last year. The bills, excepting one of \$3.890 for the new engine, #g-

gregated \$273.45. They were ordered paid.

The clerk then presented a report on the finances of the department as fol-

Britt and Messrs. Haline, Clater and Waterhouse.

Waterhouse.

Inda for painting engine and hose flouse roofs were opened. They ranged from \$64 to \$126. There were about a dozen of them. The contract was let to F. L. Becker, at his bid of \$64.

The appointment of Robert Bowman to succeed Robert Cline at the chemical range.

to succeed Robert Cline at the chemical engine house, which was referred back to the committee, was then taken up. Chief Healy said Cline had formally resigned two weeks ago. Mr. Britt said the rules required the chief to notify the committee of a resignation or removal within five days. This was found to apply to removals only. It was found, also, that the ordinance required all, ampleyers to be nominated by the all supleyes to be nominated by the chief. Bowman was named by the committee and not by the chief, who put Joe Daum in his place. Very slow progress was made toward reaching any conclusion. Mr. Haine said he had the

conclusion. Mr. Haine said he had the matter sont back because he saw Mr. Waterhouse was fixed to down the rest of the committee in council, and he added, "He's a pretty slick old duck." Chairman Britt and Chief Healy had a free-hand discussion as to Daum's fitness for the post of hostier. Mr. Hahne said he thought there was "some influence somewhere" which led to Daum's appointment. Mr. Britt thought there was a good deal of polities in it, and that

appointment. Mr. Britt thought there was a good deal of politics in it, and that was not a good thing. He insisted that Bowman be reinstated.

Mr. Irwin moved to confirm Daum's appointment, and Mr. Waterhouse seconded the motion.

Mr. Clater moved to strike out Daum's name and Mr. Zwicker seconded this. On this Mesers. Zwicker, Clater, Hahne and Britt voted ave and Mesers, Irwin and Waterhouse mad Mesers, Irwin and Waterhouse waterhouse. Mr. Irwin explained that he, and not Committeenian Waterhouse, had spoken to Chief Healy about this. Then there was some more talk, and Then there was some more talk, and some more after that. Mr. Dritt insisted that Bownan had been removed, and the chief that he was never appointed. Mr. Irwin moved to confirm pointed. Mr. Irwin moved to confirm Mr. Waterhouse. There was no second, and the motion was not put, Chairman Britt holding it was not rightly before the committee. Finally, however, the matter got before the committee, and waterhouse was unanimously con-firmed. He is a carpenter, and lives in East Wheeling.

Chief Healy reported that William

Bach, ladderman at the hook and lad der house, had resigned, and he named Dan Conners for the position. The nomination was confirmed promptly and unanimously, and the committee adjourned.

THE REALTH COMMITTEE

Has a Mysterious Executive Session-A New Hospital. The committee on health met last

night. The subject of procuring a decent hospital for smallpox cases was brought up, and an expression was made in favor of buying the old Thomoson house, on the road across from the Peninsular cometery. Mr. Haller said Mrs. Thompson had informed him it could not be bought, but the clerk read a proposal from Smith & Dickinson to sell it for her to the city on easy terms. The matter was referred to the sibcommittee charged with the procuring of a new bospital, with instructions to ascertain the terms, and also to secure hids for the crettion of a new hospital on the plans presented some time ago. The Thompson house has ten airy rooms, and from two to live acres of cround will be sold with it.

The committee approved and ordered paid bills for \$\$13.10, of which \$713 were for wages of guards. Bills for \$\$82.01, mainly for groceries and drugs, were deferred. Mrs. Thompson had informed him it

ferred.

Then the committee politely but firmly "fired" the reporters and went into "executive session." What it wanted to execute the members refused wanted to execute the members refused to say, but it was learned that Clerk Dowler, of the health office, had a grievance to present, in connection with a claim for services. What was done did not transpire, but it is almost safe to but that the committee "deferred action" from force of habit.

Another case of smallpox was reported yesterday, the instead being a woman named Tauker, fiving on Container, North Wieeling. It is said to be a light case.
